## Important

### Notice to all Parents

As President I would like to welcome you all to another season at the Leopards and thanks to all the committee, coaches and parents that are volunteering around the club. This year has been the most difficult start to any year. The few that help around the club are a dedicated group of people that do what they can for the benefit of the whole club and not just their own children. I must thank Shane Hackles for all that he has done for the club as most of you know Shane has resigned from the committee due to work commitments and health. We all wish him well and appreciate whatever support he can give to the club in the future.

This year we have had less support from parents at the Leopards than ever before, which is disappointing and very concerning for the future of the club. It was obvious at last years AGM, which nobody attended! That 2006 was going to be a year that defined the Leopards as a club the community embraced or a club that was going to struggle for support and survival? It is a credit to passed committees that we have achieved as a club fantastic success in such a short time; we are the envy of most junior clubs. The only fault I can see at a committee level is that we all have done the job to well and because of this there must be an assumption amongst our parents that help is not needed. This is not true!

We have been forced to cut down our under 8 in-house competition due to the lack of coaches, everyone is too busy as all of us are. We will be only fielding 3 under 8 teams this year as a result, with one team rotating and floating into the AFL BJ competition each week. Without coaches we cannot accept any new registrations this year for the under 8's.

At home games this year we require volunteers to fill roles on the day first aid (need to be qualified), time keepers and ground marshals. At this point I would like to thank Algerster Lions for running the canteen on Saturdays from 8am to 1pm. We will be donating a portion of the sale to them for this much needed service. Once again there was no one willing to run the canteen and we are very grateful that the lions accepted our offer. However after 1pm on Saturdays we will need volunteers to run the canteen other wise the canteen will be closed, this also includes Friday nights and Sundays. The canteen will need to be run by the parents of the teams playing at these times.

Game days this year will be cancelled if we don't have the required help, as a club we have a duty of care to all our kids to make sure there is a first aid attending and a ground marshal, for the safety and wellbeing of all juniors playing AFL including visiting clubs. The committee has children playing as well and we would also like to watch our kids play, the only way we can do this is with your support.

### **Leopards need you!!**

Claude Sansiveri

President

### Parking

This year parking on the service road is going to be more difficult due to soccer utilising the field more this season as of the 1st of April soccer will be training and playing at Calamvale.

Parking at the school wont be available until we get a key for the gates one option until then is to park at the shopping centre across the road at Woolworths, this is not ideal but until we can secure a key for the school parking it will be first come first served on the service road.

### Club Captain

Congratulation to Mitchell Lyons our club captain for 2006, Mitchell was nominated and voted captain of the under 16's and in continuing with tradition our senior captain is awarded club captain.

Thanks to Jake Baker who was club captain last year and a natural leader at the Leopards, who lead by example around the club.

### Family Day

Thank you to everyone who turned up for the family day. Fun was had by all who participated in the events on the night and congratulations to all the winners.

Dianne Dealy from Algester Sports arrived later and we announced that Algester sports would again be our clubs Major sponsor for 2006, which is great news the support Dianne gives us enables us to keep costs as low as possible along with all our other sponsors that we hope will come on board again this year.
