WELCOME TO THE NEW SEASON FOR THE LEOPARDS

The start of the season is fast approaching for the mighty leopards to again take the field.

Starting dates for each age group are listed below. Please mark your **calendars** accordingly.

A **BIG THANKS** to those who helped on the family fun day and a special thanks to all who attended. It was great to see all our existing families there as well as all our new families at the club. We congratulate the young guns for taking out this year's trophy.

The Leopards Use of Calamvale

The Committee would like to ease the concerns of those members who have expressed their disapproval of the use of "Calamvale" on the Banner and Caps. This was done purely for promotional purposes. The club is still the "Leopards". The use of "Calamvale" is to identify where the club resides and helps with sponsorship as potential sponsors like to know where the club is based. All the teams we have registered are the Leopards.

The committee has no intention of changing the official club name without having the issue raised at a General Meeting. In the future, a sub-committee will be formed to investigate this issue and if any member would like to join this sub-committee, will be welcome.
